

Press release 26 February 2024 at 08:00 CET

## Change in Eltel's Group Management Team – Alexandra Kärnlund new Director of Communications

**Alexandra Kärnlund has been appointed as the new Director of Communications at Eltel and will be a member of the Group Management Team. Alexandra will assume her role in April 2024.**

Alexandra has more than 20 years of experience of working in leading communications roles and she currently serves a Communications Lead in the tech company Tietoevry. For the last ten years she has worked with strategic communications, public relations and corporate communications in global tech companies, and prior to that in the Med tech and media industries, as well as on the agency side.

– Alexandra possesses the broad experience and skillset needed for this role and I am happy that she will join our leadership team on Eltel's exciting journey ahead. Good internal and external communications as well as communicative leadership is critical when it comes to building a successful company and transforming the business, says Håkan Dahlström, Eltel's President and CEO.

– I look forward to contributing to Eltel's Group Management Team and other colleagues with my competence. I'm very curious about all interesting future possibilities for the company, not least when it comes to sustainability and renewable energy, says Alexandra Kärnlund.

Alexandra replaces Elin Otter, who, as previously communicated, is leaving Eltel for a position outside the company.
