## **Eltel and DNA renews one-year telecom frame agreement in Finland worth about EUR 12.5 million**

**Eltel Finland has signed a renewal of an existing frame agreement with the Finnish telecommunications provider DNA. The one-year agreement is worth about EUR 12.5 million.**

Eltel's scope of works covers both fixed and mobile network services, including design, installation, and maintenance of DNA's services for both consumer and business customers in Southern Finland.

The agreement runs from January 2024 until the end of 2024, after which there is an option for one plus one additional years.
